Members of DC 37, as I wear my ASFCME jacket with pride, I realized how important it is for all locals to vote for Eric Adams to be Mayor of the New York City. Mr Adams stance for the city of New York is important.

While having a brief conversation with hundreds of people coming off the E and J train lines, Mr. Adams energy was greeted by many in Queens. Mr. Adams fist bumped , smiled and even danced a little jig with a fellow patron.

I'm a brief conversation he understood his stance on fighting for civil service workers.

On June 22 a vote for Mr. Eric Adams is important for the city as well as District Council 37 and locals.

I am,  
Prince D. McEachern
